

**ROBERT PRESTON PATTERSON**  
**Alumni Distinguished Professor of Crop Science**  
**North Carolina State University**  
**Crop Science Department**  
**Raleigh, NC 27695-7620**  
**Phone: 919-513-3424, FAX: 919-515-7959**  
**e-mail: [bob\\_patterson@ncsu.edu](mailto:bob_patterson@ncsu.edu)**

### **Personal**

Born: Statesville, NC on July 13, 1939  
Home address: 802 Merwin Road, Raleigh, NC 27606  
Phones: (919) 851-0260 (home); (919) 218-8129 (cell)

### **Education**

B.S., Soil Science, N. C. State University, Raleigh, NC, 1961  
M.S., Soil Science, N. C. State University, Raleigh, NC, 1963  
Ph.D., Agronomy, Cornell University, Ithaca, NY, 1968

### **Professional Experience**

Instructor, Agronomy Department, Cornell University, 1963-1965  
Research Assistant, Agronomy Department, Cornell University, 1965-1968  
Assistant Professor, Crop Science Department, N. C. State University,  
1968-1973  
Associate Professor, Crop Science Department, N. C. State University,  
1973-1981  
Professor, Crop Science Department, N. C. State University, 1981-present  
Coordinator of Undergraduate Programs, Crop Science Department, NCSU,  
1994-2003

### **Professional Societies and Offices Held (\*Elected):**

Alpha Zeta\*(1960)  
American Association for the Advancement of Science (1968-present)  
American Society of Agronomy (ASA, 1968-present); \*Chair, Resident Education  
Subdivision (1978-79)  
Crop Science Society of America and Soil Science Society of America  
(1968-present)  
American Society of Plant Physiologists (1970-present)  
Gamma Sigma Delta (\*President, NCSU Chapter, 1993-94)  
National Association of Colleges and Teachers of Agriculture (1975-present)  
Phi Kappa Phi (\*President, NCSU Chapter, 1995-96)  
Sigma Iota Rho (\*President, NCSU Chapter, 2001-02)  
Sigma Xi\*(1971)

### **Courses Taught (credits, semester)**

Crop Production (4, S)—CS 011 (1968-2001; 2012-present)  
Weed Management of Field Crops (3, F)—CS 052 (1968-1973)  
Cereal Grain Production (3, S)—CS 012 (1968-1994)  
Field Crops Seminar (1, S)—CS 090 (1979-1992)—CS 191 (S 2011-present)

World Population and Food Prospects (3, F,S)—MDS 323 (1970-present)  
 Crop Ecology (3, F)—CS 411 (Created, and taught from 1973-2006)  
 Global Sustainable Human Development (3)—MLS 501G (1989-present, alternate years)  
 Crop Physiology-Stress Relationships (3, S)—CS 713 (1990-1995)  
 The First-Year Experience (1, F/S)—MDS 102B (1994-95)  
 Crop Science/Soil Science Senior Seminar (1, S)—CS/SSC 490 (1994-2000)  
 Crop Science (4, F/S)—CS 213 (1990-present)  
 Biology Senior Seminar (1, S)—BIO 490 (1997-98)  
 Biology in the Modern World (3, F/S)—BIO 105 (2000-2010)  
 World Population and Food Prospects (3, F)—MDS 323Q, First Year Inquiry (2003-present)  
 Global Sustainable Human Development course was taught in the ENCORE program (Spring, 2009 semester (McKimmon Center)

### **Honors and Awards**

- Academy of Outstanding Teachers—1971, 1977, 1981, 1988
- Selected in the top 5% of Alumni responses to the question “Who contributed most to my education at NCSU?”—1973
- Agronomy Club Outstanding Instructor Award—1974, 1983, 1992, 1994, 1997, 2004, 2008
- Agricultural Institute Club Outstanding Faculty Award—1977, 1978, 1980, 1981
- Faculty Adviser (Elected) of the Student Activities Subdivision of the American Society of Agronomy (SAS-ASA)—1978-79
- The “I’m All Ears Award,” given by the American Society of Agronomy Student Activities Subdivision Officers, November, 1979
- Alumni Distinguished Undergraduate Professor, N. C. State University—1981
- Teaching Fellow Award: National Association of Colleges and Teachers of Agriculture (NACTA)—1981
- Southeastern Regional Teaching Fellow Award: NACTA—1981
- American Society of Agronomy National Resident Education Award—1983
- Distinguished Ensminger-Interstate National Teacher Award: NACTA—1983
- Fellow, American Society of Agronomy—1987
- Fellow, Crop Science Society of Agronomy—1988
- N. C. State University Faculty Senate—Elected (1991-93) and re-elected (1993-95)
- Master of Arts in Liberal Studies (MALS) Outstanding Teacher Award—1992, 2004
- NACTA Teaching Award of Merit—1993
- Southern Regional Award, USDA National Awards Program for Excellence in College and University Teaching in the Food and Agricultural Sciences—1993
- College of Agriculture and Life Sciences (CALS), NCSU, Outstanding Faculty Adviser Award (1993-94)
- Gamma Sigma Delta President, NCSU Chapter (1993-94)
- Alpha Zeta Faculty Alumni Award—1994
- Alpha Zeta Chancellors Award—1995

- Alpha Zeta Outstanding Faculty Award - 2004
- Kriz Study Leave Award (Humboldt University, Berlin)—1995
- Fulbright Scholar (Graduate lecturing—Crop Physiology course; Research on crop-water relations) at Humboldt University, Berlin, Germany—1995-96
- Phi Kappa Phi President, NCSU Chapter (1995-96)
- Faculty Award—Outstanding Performance in Agriculture—Alpha Zeta—2000
- Crop Science National Teaching Award (Crop Science Society of America)—2000
- Sigma Iota Rho (International Studies Honor Society) President, NCSU Chapter (2001-02 and 2011-2012)
- Agricultural Institute Club Outstanding Friend Award—2002
- CALS Nominee for College Board of Governors' Award for Excellence in Teaching (2002-03 academic year)
- UNC Board of Governors' Award for Excellence in Teaching – 2004
- U. S. Professor of the Year Award – 2004 NCSU nominee
- Distinguished Achievement in Agriculture Award of Merit—Gamma Sigma Delta—2005
- Epsilon Sigma Phi (The Extension Professionals' Organization), Named "A State Friend of Extension" (Nov. 8, 2006)
- Teaching Award of Merit from North American Colleges and Teachers of Agriculture and North Carolina State University, in recognition of meritorious efforts in college teaching and teaching improvement (April 30, 2009)
- Faculty of the Month Award. "Commitment to building a strong community at NC State. National Residence Hall Honorary Council. (November, 2010)
- 2011 Earthwise Award (Campus Environmental Sustainability Team), April 25
- "Thank a teacher" recipient, NCSU Office of Faculty Development Teaching and Learning Symposium (April 8, 2011; February 16, 2012; January 14, 2013; Sept 15, 2013; January 20, 2014)
- Distinguished Professor Lecture Series—Selection by NCSU Student Government and the Student Body (March 14, 2012)
- Global Perspectives Certificate Faculty Award, Study Abroad (2011, 2012, 2013)
- Faculty Award (Founder's Day Banquet, May 3, 2013); Alpha Zeta Fraternity
- Advocate Award—Center for Student leadership, Ethics, and Public Policy—April 23, 2013
- Honorary Member Award—Collegiate FFA at NC State, Dec 5, 2013
- Golden Chain Society—Faculty Honorary Link (#1133) Induction (April 12, 2014)
- City of Raleigh Environmental Awareness Award (April 22, 2014)

### **Professional Service**

University committees and related activities

- Teaching Technology (1974-75)
- Teaching Effectiveness and Evaluation (1975-76; 1979-80)
- Educational Media Advisory (1980)

- Coordinated a University Studies Symposium “Food for Our World – How might our University and Community respond to help break the poverty-hunger cycle?” (1983)
- Jefferson Scholars program evaluation and advisement (1985-present)
- Commission on Ethics in the Profession and Workplace (Dean’s Council on Ethics) (1990-91)
- Academic Policy (1991-92)
- Graduate School Review Committee Chairperson for the Master of Technology for International Development program (1992)
- University Cross-Functional Team on Improving Undergraduate Advising, charged with producing the initial academic quality effort under NCSU’s Continuous Quality Improvement Initiative (1992-93)
- Faculty Involvement Program (adult mentoring) for increasing student-faculty interaction outside the classroom (1992-94)
- University scholarships and student aid (1992-94)
- Master of Arts in Liberal Studies Advisory—courses and admissions (1992-99; 2003-present)
- University Planning and Development (1993)
- Graduate Program Review of Plant and Soil Sciences Dept., N. C. A&T State University (1993)
- Council on Undergraduate Education (1993-95)
- Planning for Capital Environmental Issues in NC (Consolidated Universities Institute for Environmental Studies) (1993-95)
- Merit Awards program—Student evaluation (1981 to present; Chair, 1995)
- Buchdahl lectureship speaker selection (1993-96)
- First-Year Experience program planning/teaching (1994-95)
- Hewlett Teaching Fellows program - Focusing on inquiry-guided instruction, and CS 411 Crop Ecology was transformed (1997-99)
- Alcoa Teaching Scholars Initiative - Focusing on the value of diversity in the classroom. Participated twice [Transformed one course each time: Alcoa I, 1999 (CS 213, Crop Science); Alcoa III, 2001 (MDS 323, World Population and Food Prospects)]
- Campus Writing and Speaking Program (CWSP) Faculty Seminar (Spring 2002)
- College of Humanities and Social Sciences (CHASS) Task Force on Interdisciplinary Programs (Spring Semester 2003, alternate Tuesdays)
- “Genetically modified foods—a solution for the global food crisis?” presentation to International Education Week Global Health Panel (Nov. 17, 2009)
- Fall Commencement address to Interdisciplinary Studies Program (Dec. 19, 2009)
- Provided support to the Green Germany and the Transatlantic Climate Bridge program, hosted by the Department of Foreign Languages & Literatures and the Deutschklub, and sponsored by the Embassy of the Federal Republic of Germany—Washington (Nov 2 & 3, 2010)
- Undergraduate Research Symposium Faculty Judge, April 12, 2011
- Feed the Pack Faculty Adviser (2012 to present)

- Global Health Certification program panelist (Mar 8, 2013)
- MALS (2<sup>nd</sup> annual) Alumni Homecoming panelist (Apr 27, 2013)
- SATELLITE program presenter , May 13, 2013
- Global Issues Seminar presentation—Global Health: Competing Global Resources-Food vs. Fuel (Nov 11, 2013)
- Leader of the Pack Selection Committee—Interview Panelist (Oct 18, 2013)

#### College committees and related activities

- Educational media (1979-81)
- Teaching improvement (1980-82)
- Phytotron advisory (1982-95)
- Agricultural meteorology research (1984-88)
- Agricultural Institute Alumni Awards Selection Committee (1998-Present)
- CALS Dean, Associate Dean, and Crop Science Department Head search committees - several committees in each category over several years

#### Departmental committees and related activities

- Seminar program - several years (chair, 1968-70 and 1973-75)
- Teaching and student affairs (1968-75)
- Established Crop Science Teaching Garden (1972)
- Courses and curricula (1975-88)
- Biochemistry and crop physiology liaison representative (1979-81)
- Academic advisory (1975-present; chair several years)
- Honors and awards - several years (chair, 1997-01)
- Open House - several years (chair, 1976, 1998-01)

#### Organizational advising

- Agronomy Club (1978-80; 1987-89)
- Agricultural Institute Club (1971-73)
- Agri-Life Council (1976-78; 1986-88)
- Integrated Pest Management Club (1983-85)
- Jefferson Scholars (1985-present)
- Alpha Zeta (1989-92)
- Alpha Zeta Alumni Association Executive Committee (1993-95)
- Nourish International, NCSU Chapter Faculty Adviser (2008- Present)
- Alpha Phi Omega National Service Fraternity Faculty Adviser (2009-Present)
- Soul Garden NCSU student project (Centennial Campus) Faculty Adviser (2010-Present)

#### Community activities

- Visits (ongoing) to elementary, middle, and high schools lecturing, promoting Science Fairs, and encouraging students to continue their education beyond the twelfth grade
- 4-H Science Project judge (evaluating public speaking and poster presentations) – several years to present

- Gardening project work at Fred A. Olds and A. B. Combs Elementary Schools – several years
- Public school children and their teachers, scout units, and YMCA Indian Guides and Princesses are encouraged annually to visit our Crop Science Teaching Garden

#### National committees and related activities

- American Society of Agronomy (ASA)
  - Resident Education—Student Activities Subdivision chair (1978-79)
  - Teaching Improvement (1970-74), Educational Resources (chair, 1971-73), Student Essay Contest (chair, 1974-75), Student Awards (1975-77), Faculty Advisory (1977-80), Student Handbook Revision (1979-80), Placement (chair, 1980-81), Service to B.S. and M.S. Agronomy Professionals (1980-81), Quiz Bowl (1988), Manuscript (1991), Speech (1993), Teaching Improvement (1994), Symposium Planning (1997), Membership (1998), and Crop Science Teaching Award (1992-94)
- Environmental Protection Agency
  - Biomass Panel of the Energy Research Advisory Board, Policy advisement to the U.S. Department of Energy, Wash., D.C. (1982-84)
  - National Crop Loss Assessment Network—Evaluation of the national USDA/ARS program, involving examination of six national laboratories throughout the U.S. (1983-85)
  - Peer review panelist (chair of review team) for EPA-sponsored Photobiology Program (1984-86)
- National Acid Precipitation Assessment Program, involving evaluation of the national program (chair of evaluation team) for three (Argonne, Brookhaven, and Lawrence-Livermore) national research laboratories in the U.S. (1986)
- Food and Agricultural Sciences National Needs Graduate Fellowship Grants Program Peer Review Panelist—Plant Biotechnology Review (USDA/CSREES-sponsored), Wash., D.C. (1999)

#### International activities

- Evaluation of National Corn Program for the World Bank, and evaluation of United Nations/Food and Agriculture Organization-sponsored grain crop-fertilizer program, Kasai Oriental Province, Democratic Republic of Congo (formerly Zaire), (1982-84 and 1988-90)
- USDA Office of International Cooperation and Development, USDA/Chinese Ministry of Agricultural Scientific and Technical Cooperation Program, Soybean Production and Genetic Resources Evaluation team, focused on “*Development of Drought Tolerance in Soybeans*”, studying soybean germplasm and cropping systems development research in Beijing, Nanjing, Jilin, Harbin, and Heilong Jiang, China (Sept. – Oct., 1989)
- US/AID-sponsored evaluation of irrigation and cropping systems strategies in the older and newer valleys of Chimbote (Santa Valley region), Peru (1989)

- Technoserve and US/AID-sponsored pre-feasibility (1990) and feasibility (1991) evaluations of agricultural potential for enterprise development (in the context of privatization), Tarnobrzeg District, Poland. Successful privatization of a milk cooperative and a credit bank (each farmer-owned) followed implementation of the formal initiative in the mid-1990s.
- Technoserve International Development Teaching Case Program Advisory Council, developed and evaluated for higher education instructional purposes 12 Teaching Case Studies, which have been used in sustainable development courses both nationally (including my courses MDS 323, MDS 323Q, and MLS 501I) and internationally (including institutions in Latin America, Africa, Eastern Europe, and Southeast Asia), (1992-95)
- NCSU International Studies Program, Graduate Faculty (1996-Present)
- Provided leadership on course and curriculum reform during a North Carolina – Moldova Partnership-sponsored Academic and Outreach Workshop at the Moldovan State Agricultural University, Chisinau, Moldova (October, 2001). This work was continued during a return trip to Chisinau in May and June, 2003.
- During the past three decades, food production enterprises, educational resources, and outreach programs have been evaluated in a number of countries in Africa (Democratic Republic of Congo, Ethiopia, Ghana, Ivory Coast, Kenya, Morocco, Nigeria, Senegal, Tanzania, Zambia, and Zimbabwe), Asia (China, India, Nepal, and Turkey), Europe (Belgium, Czech Republic, France, Germany, Greece, Hungary, Italy, Moldova, Poland, Slovak Republic, and The Netherlands), and Latin America (Brazil, Honduras, Mexico, Nicaragua, and Peru). These advisory missions have been undertaken in support of policy and program development by several organizations, including The World Bank, FAO/UN, Heifer Project International, Presbyterian Church (USA), Technoserve, US/AID, World Neighbors, and N. C. State University.
- Fulbright Scholar (lecturing and research) at Humboldt University, Berlin, Germany (1995-96). Return visits to Humboldt to continue research and teaching in 2001 and 2003.
- Presentation to European Congress of University Faculty on the theme “Strategic course and curriculum reform”, National Technical University, Chisinau, Moldova (2003)
- Republic of Congo (Congo-Brazzaville) agricultural assessment, on behalf of NCSU College of Agriculture & Life Science, and also Global Development Company (Mr. Thomas Mabilia, President); 10 days in-country (April 1-10, 2007)
- Visiting international scientists in my laboratory
  - Prof. G. H. Sarmadinia, College of Agriculture, University of Technology, Isfahan, Iran, collaborating on crop water stress-nutrient availability interactions research (1990-91)

- Prof. Klaus-Peter Goetz, Institut für Landwirtschaftlichen Pflanzenbau, Humboldt University, Berlin, Germany, collaborating on research pertaining to soybean nitrogen metabolism under drought stress (1997 and 1998—One summer month each year)
- Prof. Dr. Helmut Herzog, also from Humboldt University, conducting research and lecturing on crop physiology issues (2000).
- International guest lectures:
  - Polytechnic University of Nicaragua (UPOLI), Managua, lecture series (two weeks) to university faculty on U.S. farming systems, and opportunities for improving agricultural and marketing partnerships between Nicaragua and the U.S. (1992)
  - Lectures (Food Production and Research in the U.S.) at Debrecen University, Debrecen, Hungary. (November, 1995)
  - Lecture series (four lectures during one week) on crop science and plant physiology issues at Catholic University of Louvain, Louvain-la-Neuve, Belgium. (February, 1996)
  - Taught (in English) a 4-credit course (“*Crop-stress relationships*”) during the winter semester (October, 1995-February, 1996) at Humboldt University, Berlin.
  - Invited lectures (“*Plant growth in stressful environments*”) and course/curriculum reform evaluation (comparing U.S. and Moldovan instructional and course mix approaches) at the National Agricultural University, Chisinau, Moldova (2001 and 2003).
- International teaching  
During the summers of 2008, 2009, 2010, 2011, 2012, and 2013 (from mid-May through the end of June), the World Population and Food Prospects (STS 323) course has been taught at the Prague Institute (Czech Republic) as part of our University’s Study Abroad program. Plans are to return in 2014.

## **DIRECTION OF GRADUATE STUDENT RESEARCH**

Graduate-level Crop Science Department advising activities include supervisory chair of 13 MS, one MA, one MCS, and eight Ph.D. students to completion of their degrees, and graduate committee service for 41 MS recipients and 30 Ph.D. recipients to completion of their degrees. In the Master of Arts in Liberal Studies (MALS) program, I have chaired 32 committees to program completion, and serve on six committees supporting programs in progress. In the Master of International Studies (MIS) program, I have chaired four graduate committees to program completion, and presently serve on five committees supporting programs in progress.

## **DISSERTATIONS DIRECTED**

### **Master of Science (13)**

1. Crum, S.D. 1977. Effects of water stress on the interaction of carbohydrate and nitrogen in burley tobacco.
2. Tambi, Abu Bakar bin. 1979. The effect of water deficit on vegetative and reproductive growth on nitrogen assimilation of field-grown soybeans.
3. Jones, R.S. 1979. Nitrogen-temperature interactions in soybeans [Glycine max (L.) Merr.].
4. Yusof, O.B. 1981. Growth, development, and nitrogen accumulation response of field-grown soybeans to water deficit.
5. Wilson, J.C. 1982. Irrigated corn (Zea mays L.) nitrogen management.
6. Nixon, W.T. 1983. Straw and nitrogen management of double-cropped soybeans [Glycine max (L.) Merr.]
7. Monk, R.S. 1984. Peanut development in response to water deficit during reproductive growth.
8. Sloane, Richard J. 1987. Effect of drought on nonstructural/carbohydrate levels in field-grown soybeans.
9. Chisambiro, L. 1990. Effect of cultivar and gypsum on peanut vegetative dry matter production, pegging, podding, pod dry matter production, pod yield, and seed quality.
10. Simwanza, P.C. 1992. Soybean [Glycine max (L.) Merr.] growth and yield in response to blending cultivars and soil-water adjustment.
11. Marlow, W.S. 1993. Canopy-apparent photosynthesis and biological nitrogen fixation of a drought-tolerant soybean genotype.
12. Chipman, Robert Bomont. 1996. The effects of source-sink manipulations on the yield and nitrogen composition of water-stressed soybeans.
13. DiMilia, Gabriele. 1998. Protein synthesis in two genotypes of soybean [Glycine max (L.) Merr.] differing in drought tolerance.

### **Master of Agriculture (1)**

1. Waddill, T.A. 1987. Response of corn and soybeans to phosphorus and potassium fertilization

### **Master of Crop Science (1)**

1. Chevallier-Boutell, Santiago. 2000. Management-economic considerations relating to crop-stress relations.

### **Doctorate in Crop Science (8)**

1. Cure, Jennifer. 1981. Effects of water stress and photoperiod on assimilate partitioning and seed development in soybeans.
2. Flagler, Richard B. 1986. Effects of ozone and water deficit on growth, yield, and nitrogen metabolism of soybeans.

1. Weinberg, Joe. 2002. International agriculture trade and the process of stabilization.
2. Deal, Lisa. 2004. Sustainable environmental resource strategies for the Marsh Arabs of Iraq.

### **Community Activities**

- Boy Scout Master (1964-66, 1969-74); Assistant Scoutmaster (1992-2000)
- Member (1981-89) and Chair (1988-89) of National Presbyterian Hunger Program of Presbyterian Church (USA)
- Raleigh Youth Baseball Coach (1978-85)
- Capital Area Youth Soccer League Assistant Coach (1986-91)
- Adviser to Campbell University Teaching Garden Project (1990-94)
- Food Bank of North Carolina Gleaning Project (1990-93)
- Rural Crisis Committee of The Duke Endowment (1994-99)
- West Raleigh Presbyterian Church Elder (1975 – present)
- Board of Directors, NCSU Branch, State Employees Credit Union (2003 - present)
