

**TUESDAY  
OCTOBER 23**

**11:00 AM – 1:00 PM**

---

Location:  
Thomas Hall Stephens Room

---

Lunch will be provided

## Power PCR Seminar

### HOST

**David Baltzegar Ph.D., Director, NCSU Genomic Sciences Laboratory**

### SPEAKER

**John Chuckalovcak, Senior Field Application Scientist,  
Bio-Rad Laboratories**

Whether you are a first-time qPCR user or an experienced researcher trying to decide if digital PCR is right for you, this course will provide you with the knowledge and skill to design the right experiment and extract the most meaningful and publishable results from your data.

### What you will learn

- Real-Time PCR – Best Practices and Potential Pitfalls (and how to avoid them)
- Bio-Rad's statistical analysis software: How to get the most out of your qPCR data
- Droplet Digital PCR – How it works and when to use it
